### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Charles Marmelstein, applicant's attorney on July 26, 2004.

The application has been amended as follows:

#### **IN THE CLAIMS:**

Claim 6, line 1, change "1" for --4--

2. The following is an examiner's statement of reasons for allowance: The prior art made of record does not teach an apparatus/method for controlling a DC-brushless motor including a current control device performing a proportional plus integral process on a difference between a detected q-axis current and a q-axis command current as well as a difference between a detected d-axis current and d-axis command current when a magnetic pole detecting process is not performed and performing only an integral process on the above described current differences when said magnetic pole detecting process is performed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
